PROFILE

I design and ship **fintech, mobility and health apps** for West Africa, **from Figma to code**. I design the screens and build them myself, with AI tools (Claude, Antigravity), to ship faster without lowering quality. I look for projects I can fully commit to, ideally with equity.

EXPERIENCE

Founder & manager

FASOTRAVEL · BURKINA FASO · AUG 2025 — PRESENT

- Designed and launched an intercity bus booking platform: traveller app, bus company workspace, station counter and live bus tracking.
- Product, design in Figma and development in React, AI-assisted. Mobile money payments and QR-code tickets sent on WhatsApp.
- Live on Google Play and on the web (fasotravel.app).

Product manager & UI/UX designer

WEYANA FINANCE · FINTECH · WAEMU ZONE · DEC 2025 — PRESENT

- Leading the product and designing the interfaces of a fintech live on the app stores.
- 54-page reference document for the credit module (MVP 2): products, credit scoring, screens, mobile money disbursement, regulation.

Intern

TECHNOMETIS · INTERNSHIP · 2025 (1 MONTH) · 2026 (2 MONTHS)

- Took part in designing and building several of the company's projects (confidential).
